# COLOUR SOLUTIONS

LOWER COST. TOUCHSCREEN CONVENIENCE.

# bizhub C3850/C3350:

## COMPACT, HIGH-SPEED COLOUR SOLUTIONS FOR NETWORK PRODUCTIVITY

With brilliant colour print/copy output up to 40 pages per minute, Konica Minolta's bizhub C3850 and C3350 can capture and share data in digital or hard copy formats – at lower cost per page than conventional laser printers. Along with large colour touchscreens and solution integration, you will have features you would expect to find only on full-size MFPs – built-in Emperon™ print control, enhanced security functions, fax and finishing options, even direct printing of OOXML files in Word, Excel and PowerPoint.

### More colour power in compact design.

Every business wants it all: fast colour output, space-saving design, solution integration and expandable functions that grow with your needs. The bizhub C3850 and C3350 answer the challenge – with more colour power in minimum space, uncompromising colour quality for high-impact communications, and special features that make them ideal for healthcare, educational and legal applications.

The bizhub C3850 delivers up to 40 ppm in both colour and B&W (bizhub C3350: 35 ppm). High-quality 1200 dpi resolution makes all your communications come alive – reports presentations, even marketing materials with photos, charts and complex graphics. And your cost per page will be lower than with stand-alone desktop laser printers, which are often under utilized and can sit for long periods in standby mode.

Even the look of these two bizhub models is a step ahead: sleek dark cabinet design and compact footprint incorporating the familiar INFO-Palette design. Large 7" colour touchscreens are as easy as a familiar tablet, with quick touch-and-flick operation, logical and intuitive menus, user-friendly icons and the ability to customize screens with the functions you use most often.

To move information faster in branch and retail locations, small offices, home offices and a wide range of workplace environments, the bizhub C3850 and C3350 can provide advanced scan capture functionality right from the control panel. Client bill-back or account tracking is available with an advanced integrated platform – all to keep you on top of your workload and a step ahead of your competitors. And you will have productivity features everyone can appreciate, including fast warm-up and first-copy output, Eco Mode for energy-saving operation, and Silent Mode for a quieter workplace.

**Ideal for networked environments with large and small MFPs.**

Why compromise with stand-alone laser printers that waste time and energy – and can not interface with your networked workflow? The bizhub C3850 and C3350 provide Open API for seamless software integration, plus UPD support for networkable convenience with mixed fleets of large and small MFPs and desktop printers.

In both bizhub models, the exclusive Konica Minolta Emperon™ print system is built in, with PCL and PostScript support. Powerful 1 GB memory and 320 GB hard disk drive provide on-board document storage, making reprints and updates quick and simple. And USB Direct Print lets you print documents directly from a USB device, including OOXML Word, Excel and PowerPoint files.

**The power of PageScope for managing your bizhub.**

PageScope Web Connection enables users or administrators to check operating status right from their local browser. PageScope Net Care Device Manager enables administrators to configure multiple bizhub units from a single point to simplify IT administration. While print jobs are in progress, PageScope Print Status Notifier provides automatic alerts to speed your workflow.

And there is more. PageScope Enterprise Suite version 3 enables you to securely authenticate users, provides secure print release anywhere on your network and allows you to restrict or limit access to specific functions. This powerful software incorporates the ability to import/export pre-defined templates, including commonly used network settings, eco-friendly settings, and automatic MFP registration and remote firmware updates that you can schedule during non-business hours.

**Apps, solutions and i-Options to improve your productivity.**

Another exclusive Konica Minolta advantage is downloadable apps to help you work faster and smarter. PageScope Mobile, a free app available

for downloading at your Apple Store or Google Play Store, allows mobile users to print from tablets or smart phones to the bizhub C3850/C3350.

You can also integrate solutions to expand functionality and customize your bizhub C3850/C3350. The FormJet Prescription Secure from TypeHaus is just one example: a safe and cost-efficient solution for small medical offices to print prescriptions from plain paper, avoiding the expense of costly preprinted prescription pads. And Konica Minolta's i-Option kits can increase the power of your bizhub C3850/C3350 with specialized functions – such as the LK-106 for Bar Code Font support, the LK-107 for Unicode Font, the LK-108 for OCR Font, and the LK-111 for ThinPrint.

**There is more: fax, enhanced security, even offline stapling.**

You will have increased productivity right out of the box with high-speed, high-quality Super G3 fax transmission/reception – standard on the bizhub C3850, optional for C3350. Both models incorporate security features you would expect to find only on large office MFPs, including compatibility with IC Card authentication devices\*. And for finishing reports and presentations with ease, you can add a 20-sheet stapling option to the rear side of your bizhub C3850 or C3350.

Like all bizhub MFPs, these high-performance printer/copiers are backed by superior Konica Minolta service and support. And our Clean Planet program provides cost-free recycling for all Konica Minolta consumables, including toner cartridges, imaging units, waste toner bottles, developer units and drums. We provide free return cartons with prepaid UPS labels that make the recycling process easier than ever.

PageScope Mobile, a free app available for downloading at your Apple Store or Google Play Store, allows mobile users to print from tablets or smart phones to the bizhub C3850/C3350.

**For all your document needs, count on Konica Minolta.**

Konica Minolta Business Solutions (Canada) Ltd. is a leader in advanced document management technologies and IT Services. We focus on complete business solutions, including production print systems, digital presses, multifunctional products (MFPs), managed print services, and EnvisionIT\*\* initiatives focused on meeting the compliance and workflow demands of legal, educational, healthcare and other specialized applications. Konica Minolta has won numerous awards and recognition including being recognized as the #1 Brand for Customer Loyalty in the MFP Office Copier Market by Brand Keys for six years in a row. For the fourth consecutive year, Buyers Laboratory LLC (BLI) has named Konica Minolta as the winner of its "A3 MFP Line of the Year" award. In 2012, Konica Minolta also received "Document Imaging Solutions Line of the Year" recognition from BLI. Konica Minolta, Inc., has also been named to the Dow Jones Sustainability World Index for two years in a row. To learn more about how the bizhub C3850 and C3350 fit into a comprehensive Konica Minolta solution to grow your business, please visit [www.konicaminolta.ca](http://www.konicaminolta.ca).

## PAPER INPUT

Reversing Auto Document Feeder	Capacity: 50 sheets, Paper Size: 5.5" x 8.5" to 8.5" x 14", Paper Weight: 60-210 gsm	
Original Size Tray 1	Up to 8.5" x 14"	
Bypass Tray	Capacity: 550 sheets, Paper Size: 5.5" x 8.5" to 8.5" x 11", Paper Weight: Single-sided: 60-210 gsm	
• PF-P13	Capacity: 100 sheets, Paper Size: 5.5" x 8.5" to 8.5" x 14", Paper Weight: Single-sided: 60-210 gsm	
• DK-P03	Paper Feed Cassette Capacity: 500 sheets, Paper Size: 5.5" x 8.5" to 8.5" x 14", Paper Weight: 60-90 gsm (Max: 2)	
Paper Capacity (Std./Max.)	Copy Desk - Storage Drawer 650 sheets (2-way) / 1,650 sheets (Total w/options, 4-way)	

## PAPER OUTPUT

Standard Output	Inner Output Tray: 250-sheet Capacity
-----------------	---------------------------------------

## FINISHING

• FS-P03	Off-Line Stapler: 20-sheet Corner Stapling
----------	--

## SYSTEM FEATURES

Security	ISO 15408 EAL3*, IP Filtering and Port Blocking, SSL2, SSL3 and TSL1.0 Network Communication, IPsec Support, IEEE 802.1x Support, User Authentication, Secure Print, Hard Disk Overwrite (8 standard types), Hard Disk Data Encryption, Copy Protection (print only)	
Accounting Software	Up to 1,000 User Accounts, Active Directory Support PageScope (Net Care Device Manager, Enterprise Suite Plug-in, Direct Print, UNIX Filter, Data Administrator), Web Connection, Others (Print Status Notifier, Driver Packaging Utility, Download Manager)	
• Optional Software Management Tools	Account Manager, Authentication Manager, My Print Manager bizhub vCare PageScope Mobile	

## AUTHENTICATION DEVICES

• AU-201H	HID Proximity Card Authentication*
• AU-202H	HID iClass Card Reader*
• MK-P02	Mount Kit for HID iClass Card Reader
• WT-P02	Working Table to Support Authentication Devices

## ADDITIONAL OPTIONS

• External Keyboard	KP-101 10-Key Pad
• i-Option	LK-106 (Barcode fonts), LK-107 (Unicode fonts), LK-108 (OCR A&B fonts), LK-111 (ThinPrint® client)
• Wireless	SX-4600WAN Wireless LAN Adapter

## POWER & DIMENSIONS

Power Requirements / Consumption	120 V / 60 Hz @ 12 A (110 V) / Less than 1550 W (max consumption)
Dimensions (W x D x H) / Weight	21.9" x 22.9" x 23.7" / Approx. 105 lb.
